

NEWS RELEASE

September 2011

A FURTHER 3 YEARS DELIVERING THE MAINTENANCE CONTRACT FOR MILTON KEYNES COUNCIL

Peek's Southern Regional (Urban) team is delighted to have retained the signals maintenance contract with Milton Keynes Council on a 3 + 2 year extension basis. Peek has held this contract for over 15 years and we were obviously keen to continue our work in this area, we used our vast knowledge of the Customer's roadside assets to ensure a successful bid submission.

The new Maintenance Contract will start on October 1st and will run for 3 years with an opportunity for a further 2 years. Peek will be maintaining the signals in the area as we have done for many years, in addition to this core traffic signal technology, the team will also be looking after Variable Message Signs (VMS), Vehicle Actuated Signs (VAS), the Customer's Car Park System and School Crossing signals along with the Peek Traffic Management System (SCOOT UTC instation).

About Peek

Peek is a leading supplier of intelligent transport solutions. For more than 30 years, the firm has been providing advanced traffic control products and systems, management and maintenance services for both the urban and highways markets. Peek's established and proven portfolio includes traffic management systems incorporating SCOOT, highway congestion management and enforcement systems, vehicle detection systems, exterior lighting, as well as supervisory and communications systems. Peek is ISO 9001:2008 and ISO 14001:2004 certified. With headquarters in Basingstoke, Hampshire, Peek employs more than 500 staff throughout the UK. Peek is part of the Infra and Traffic division of Imtech NV, a global technology services provider based in the Netherlands.
